alexisrfrye@gmail.com

I'm an animator and designer interested in all things creative! I have experience in fabricating and organizing in an art department setting as well as a service background. Whether it's creating original ideas for a project or bringing a client's ideas to life, I want to be a part of it.

EXPERIENCE

Paper Brain Productions, — 2025 Animation Intern

June 2025 - August 2025

During my summer internship with Paper Brain I learned how a small boutique studio operates, from client interactions to final deliverables. I worked alongside the other interns on storyboarding, animatic timing, and stopmotion paper animation on glass.

Fathom Company, Sacramento, CA — Production/Art Assistant/Stop-motion Animator

MARCH 2023 - MARCH 2024

I was a freelance production assistant on "toymation" projects for companies such as Netflix Jr. and Nick Jr., crafting screen-accurate physical recreations of props from their shows, hand modeling, and creating stopmotion animated sequences.

Indigo Vintage Co-op, San Francisco, CA — Cafe Consultant

JUNE 2022 - DECEMBER 2022

I led research and organized a plan for a potential in-store coffee bar, corresponding with roasters and tea suppliers, building and presenting design concepts, and hosting tastings for the client.

EDUCATION

Pratt Institute, Brooklyn, NY — Digital Arts 2D Animation BFA

SEPTEMBER 2025 - PRESENT

I chose to continue my bachelors degree at Pratt Institute once I moved to Brooklyn due to its focus on experimentation and openness to exploring different methods and styles. I will graduate in Spring of 2028.

American River College, Sacramento, CA — Art New Media AA

AUGUST 2022 - December 2024

When I moved back to Sacramento, I continued my studies in animation and completed my associates degree in Art New Media in December 2024.

SKILLS
